Accordingly, the Notes are being offered and sold only in bearer form pursuant to the exemption afforded by Regulation S promulgated under the Securities Act solely outside of the United States and solely to non-U.S. persons and in specific reliance upon the representations by each Noteholder that (1) at the time of the offer and sale of the Notes to Noteholder, the Noteholder was not a U.S. Person as defined in Regulation S promulgated under the Securities Act, and (2) at the time of the offer and sale of the Notes to Noteholder and, as of the date of the execution and delivery of the purchasing or subscription agreement by the Noteholder, the Noteholder was outside of the United States. The Notes may not be offered or sold in the United States or to U.S. Persons (as defined in Regulation S) unless the securities are registered under the Securities Act, or an exemption from the registration requirements of the Securities Act is available. In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), an offer of Notes to the public has not and may not be made in that Relevant Member State.

The Notes are illiquid investments, the purchase of which involves substantial risks. Any investor investing in the Notes should fully consider, understand and appreciate those risks.

Purchasers of Notes should conduct such independent investigation and analysis regarding the Issuer, the Loan Agreement, the Borrowers and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes, as the Notes described in this Series Memorandum may not be suitable for all purchasers of Notes. Purchasers of Notes should have sufficient knowledge and experience in financial, taxation, accounting, capital treatment and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Series Memorandum and the merits and risks of investing in the Notes in the context of their financial and regulatory position and circumstances. This Series Memorandum does not describe all of the risks and investment considerations applicable to an investment in the Notes. The risks and investment considerations identified in this Series Memorandum are provided as general information only and the Issuer disclaims any responsibility to advise purchasers of Notes of the risks and investment considerations associated with the purchase of the Notes as they may exist at the date hereof or as they may from time to time alter.

Documents incorporated by reference

The Programme Memorandum is incorporated in, and shall be taken to form part of this Series Memorandum. This Series Memorandum must be read and construed in conjunction with the Programme Memorandum and shall be deemed to modify and supersede the contents of such document to the extent that a statement contained herein is inconsistent with such contents.

Risk Factors

General

The purchase of the Notes involves substantial risks. Each prospective purchaser of the Notes should be familiar with instruments having characteristics similar to the Notes and should fully understand the terms of the Notes and the nature and extent of its exposure to risk of loss.

Before making an investment decision prospective purchasers of the Notes should conduct such independent investigation and analysis regarding the Issuer, the Portfolio Manager, the Borrowers, the Charged Assets (including the Loan Agreement), the Notes and all other relevant persons and such market and economic factors as they deem appropriate to evaluate the merits and risks of an investment in the Notes. As part of such independent investigation and analysis, prospective purchasers of Notes should consider carefully all the information set forth in this Series Memorandum and in the Programme Memorandum and the considerations set out below.

Investment in the Notes is only suitable for investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the information contained in this Series Memorandum and in the Programme Memorandum and the merits and risks of an investment in the Notes in the context of the investor's own financial circumstances and investment objectives.

Investment in the Notes (or a participation therein) is only suitable for investors who:

- (1) are capable of bearing the economic risk of an investment in the Notes (or a participation therein) for a period up to and until the redemption of the Notes;
- (2) are acquiring an interest in the Notes (or a participation therein) for their own account for investment, not with a view to resale, distribution or other disposition of such interest (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- (3) recognise that it may not be possible to make any transfer of the Notes (or a participation therein) for a substantial period of time, if at all.

Each of the Issuer and the Arranger may, in its discretion, disregard interest shown by a prospective investor even though that investor satisfies the foregoing suitability standards.

Each prospective investor should ensure that it fully understands the nature of the transaction into which it is entering and the nature and extent of its exposure to the risk of loss of all or a substantial part of its investment. Attention is drawn, in particular, to the sections of the Programme Memorandum entitled "Conditions of the Notes - Security" and "Conditions of the Notes - Enforcement and Limited Recourse" and the sections in this Series Memorandum entitled "Information relating to the Portfolio Management Agreement" and "Information relating to the Charged Assets".

Risks relating to the Issuer and Transaction Parties

Special purpose company

The Issuer is a special purpose company and has been established for the purpose of issuing multiple Series of secured Notes under the Programme. The Issuer has issued share capital only in the amount of EUR 38,100. Should any unforeseen expenses or liabilities (which have not been provided for) arise, the Issuer may be unable to meet them, leading to an Event of Default under the Notes.

There is no certainty that Noteholders will recover any amounts payable under the Notes. Due to the limited recourse nature of the Notes (see "*Limited recourse*" below), claims in respect of the Notes are limited to the proceeds of enforcement of the Mortgaged Property and after the deduction of any applicable expenses. In addition, if a claim is brought against the Issuer (whether under statute, common law or otherwise) which is not subject to such contractual limited recourse provisions, the only assets available to meet such claim would be the proceeds of the issuance of the Issuer's ordinary shares and any transaction fees (see "*Fees*" below), to the extent any remain as at the date of such claim and are available to meet such claim. The only other assets of the Issuer will be the assets on which each Series is secured, which will be subject to the prior security interests of the relevant Noteholders and any other secured parties under that Series.

Limited recourse

The Notes will be limited recourse obligations of the Issuer secured on the Mortgaged Property (including the Charged Assets) and are not or will not (as the case may be) be obligations or responsibilities of, or guaranteed by, any other person or entity. **For the avoidance of doubt, none of the Trustee, the Arranger, the Portfolio Manager, any other Agent appointed by the Issuer or any other person has any obligation to any Noteholder for payment of any amount owed by the Issuer in respect of the Notes. There is no person that guarantees to Noteholders that they will recover any amounts payable under the Notes.**

The ability of the Issuer to meet its obligations in respect of the Notes will be dependent on the receipt by the Issuer of moneys due to it under the Mortgaged Property (including the Charged Assets comprised therein). The Noteholders shall have no recourse to the Issuer beyond the moneys derived by or on behalf of the Issuer in respect of the Mortgaged Property. To the extent that investment by the Issuer in the Charged Assets held by the Issuer results in such investment being less than the obligations of the Issuer under the Notes, the Issuer will have insufficient funds available to meet its obligations in respect of the Notes. In such event, any shortfall would be borne by the Noteholders in accordance with the priorities specified in the Conditions. See "*Nature of the investment*" below.

For the avoidance of doubt, Notes are not, and do not represent or convey any interest in the Charged Assets nor do they confer on the Noteholder any right (whether in respect of voting, dividend or other distribution) which a holder of any Charged Assets may have had. The Issuer is not an agent of the Noteholder for any purpose.

No Loan Guarantor

There is no Loan Guarantor guaranteeing the payment of principal or interest under the Loan Agreement.

Liability for the obligations of other Series

The Issuer has undertaken not to incur any obligations with respect to any other Series of Notes unless recourse in respect of such obligations is limited to the proceeds of enforcement of the Security over the assets of the Issuer on which such obligations are secured (which assets shall exclude the Mortgaged Property securing any other Series of Notes). Nevertheless, to the extent there are any creditors with respect to a Series of Notes whose recourse is not so limited Noteholders may be exposed to risks incurred for the account of other Series.

Risks relating to the Notes

Nature of the investment

These Notes are not principal protected and are a high-risk investment in the form of a debt instrument. The Noteholders are neither assured of repayment of the capital invested nor are they assured of payment of a stated rate of interest. The Notes give Noteholders exposure to the Series Assets that the Issuer may invest in at the request of the Portfolio Manager, see *“Investment relating to the Charged Assets”* below.

Any payments to be made on the Notes depend on the value of the Charged Assets held by the Issuer, which is the value of the amounts received by the Issuer in respect of the Charged Assets. Should the Charged Assets decrease in value, Noteholders will incur a partial or total loss of their investment.

In certain circumstances, described in the Conditions of the Notes, the Notes will be redeemed early pursuant to a Mandatory Redemption Event, an Additional Mandatory Redemption Event or a redemption event pursuant to Condition 2(c)(A)(1) and Noteholders shall be entitled to receive only such amount as is available following the sale or redemption of the Charged Assets, or a proportion of such Charged Assets, as the case may be, subject to the provisions of the Notes described under *“Limited recourse”* above.

In general, redemption payments to be made on the Notes are calculated with reference to the value of the Charged Assets. However, if and to the extent that the amount payable by the Issuer in accordance with the Notes to the Noteholders is greater than the amount received by the Issuer in respect of the redemption of the Charged Assets, the Noteholder shall be entitled to receive only its *pro rata* share of such amount as is received by the Issuer under the Charged Assets after deduction of any applicable costs and expenses.

Change of law, tax and administrative practice

The structure of the transaction and, inter alia, the issue of the Notes are based on law, tax and administrative practice in effect at the date hereof, and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given that law, tax or administrative practice will not change after the Issue Date or that such change will not adversely impact the structure of the transaction and the treatment of the Notes.

Fees

In addition to the fees due to the Trustee and any Agents, and any other transaction related fees incurred by the Issuer in respect of the issuance of the Notes, the amounts payable under the Notes are based on the performance of the Charged Assets after deduction of certain fees, which is further described in Special Condition (XI) of the Notes. The fees will be applied in calculating the value of the Portfolio and therefore will result in a reduction in the value of the Notes.

In connection with the offer and sale of the Notes, the Arranger or any of its associated companies may, directly or indirectly, pay fees in varying amounts to third parties or, as the case may be, receive fees (including but not limited to distribution fees and retrocessions) in varying amounts, including, from third parties (which may include any Transaction Participants as defined below). Each Noteholder acknowledges that the Arranger or any of its associated companies may retain all or part of such fees.

Foreign exchange risk

The Notes are denominated in USD. The Charged Assets may be denominated in U.S dollars, euro, or any other currencies. The Issuer will effect foreign exchange transactions to convert amounts received in respect of the Charged Assets into USD in order to meet its payment obligations under the Notes. In order to mitigate the foreign exchange risk the Issuer may enter into foreign exchange hedging transactions with such banks and other providers of treasury products (**“Derivatives Counterparties”**) as may in the sole discretion of the Issuer be appropriate given the Charged Assets and the obligations of the Issuer under the Notes. Accordingly, the Issuer and the Noteholders may be

exposed to credit risk of such Derivatives Counterparties providing foreign exchange hedging to the Issuer.

Optional Redemption by the Noteholder

Noteholders have no right to request the Issuer to redeem the Notes at any time prior to their Maturity Date.

Optional Redemption by the Issuer

Investors in the Notes should be aware that the Issuer has the option to redeem any amount of the Notes at their Optional Redemption Amount on the Optional Redemption Payment Date, by giving not less than ten (10) Business Days' prior notice to the Noteholders and the Trustee. Such notice may be revoked by the Issuer at any time prior to the Optional Redemption Date. The Optional Redemption Payment Date may be significantly later than the Optional Redemption Date. See "*Risk Factors – Payments*".

Optional Redemption by the Arranger

Investors in the Notes should further be aware that the Arranger has the option, without limitation, at any time to redeem any amount of the Notes at their Optional Redemption Amount on the Optional Redemption Payment Date. The Arranger would redeem Notes if it is the holder of such Notes, pursuant to the Conditions of the Notes. While the Arranger may actively become involved in the secondary market in the Notes (if any), such participation would be at the Arranger's sole discretion and the Arranger shall not have any obligation to make a secondary market. See "*Liquidity*" below.

Restrictions on Transfer

The Notes are subject to restrictions on transfer, as described in section "SUBSCRIPTION AND SALE" in the Programme Memorandum and "SELLING RESTRICTIONS" in this Series Memorandum. In particular, the Notes have not been registered under the Securities Act, under any U.S. state securities or "Blue Sky" laws or under the securities laws of any other jurisdiction and are being issued and sold in reliance upon exemptions from registration provided by such laws. No Note may be sold, assigned, participated, pledged or transferred unless such sale, assignment, participation, pledge or transfer (a) is exempt from the registration requirements of the Securities Act (for example, the exemption provided by Rule 144A under the Securities Act or the exemption provided by Regulation S under the Securities Act and applicable state securities laws) and (b) is in compliance with the transfer restrictions and certification requirements described in the section entitled "SUBSCRIPTION AND SALE" in the Programme Memorandum and "SELLING RESTRICTIONS" in this Series Memorandum.

Arranger default

The Notes may be redeemed if the Arranger is dissolved or becomes unable to perform its obligations in relation to the Notes unless a substitute arranger (the "**Substitute Arranger**") is appointed by the Issuer within 90 days of such event.

Payments

Payments under the Notes will only be made after receipt of the Realisable Value by the Issuer. The date of payment of the redemption amount under the Notes is therefore not fixed. Payment of redemption amounts under the Notes depends on the realisation of (including repayment of principal and interest in full by the Borrowers) or the liquidation of the Charged Assets. It may take a considerable period of time to redeem the Charged Assets, in particular in the case of an early redemption of Notes. Noteholders may only receive payment of the relevant redemption amount under the Notes significantly later than the specified redemption date of the Notes.

Liquidity

No secondary market for the Notes currently exists. Prospective purchasers of the Notes should therefore recognise that, they may not be able to liquidate their investment in the Notes. Investment in

the Notes is therefore only suitable for investors who are capable of bearing the economic risk of an investment in the Notes for an indefinite period of time and are not acquiring the Notes with a view to a potential resale, distribution or other disposition at some future date.

Application has been made to list the Notes on the Third Market of the Vienna Stock Exchange. Listing is expected to take place on or about the Issue Date but no assurance can be given that such application will be granted. Even if the Notes are listed, there is no assurance that a secondary trading market or liquidity will develop.

Notwithstanding the foregoing, the Arranger may provide a secondary market with a monthly dealing frequency and monthly purchases and sales by investors. The Arranger will not provide a secondary market in circumstances where the Calculation Agent is unable to calculate the Net Asset Value of the Portfolio for any reason, such as an event of default on the Charged Assets or due to the illiquidity or suspension of trading of any of the Series Assets comprising the Portfolio. The Arranger does not have and will not assume any liability, whether legal or otherwise, *vis-à-vis* the Noteholders to provide a market for the Notes or with regard to the level of the applicable prices nor how they are determined. To the extent that the Arranger purchases Notes in a secondary market provided by the Arranger, the Arranger will impose a USD 500 fee in respect of its administration expenses.

Extended Maturity Date

The term of the Notes may be extended for further periods of up to ten years, provided that, at the request of the Issuer, the Calculation Agent, on behalf of the Issuer, has given a notice (the “**Extension Notice**”) to the Trustee, the Principal Paying Agent and the Noteholders three (3) calendar months prior to the Scheduled Maturity Date or the anniversary thereof in each subsequent year, if applicable, stating that such extension shall take place in respect of the Notes. If no Extension Notice, or no further Extension Notices (if applicable) are delivered by the Calculation Agent, the Notes shall be redeemed on the Scheduled Maturity Date or the anniversary thereof in accordance with the final Extension Notice (such date being the “**Extended Maturity Date**”) or on the Final Maturity Payment Date if later.

Market and legal risk

The Notes will constitute secured, limited recourse obligations of the Issuer, recourse in respect of which will, in effect, be limited to the proceeds of the Mortgaged Property (which principally comprises the Charged Assets) relating to the Notes and no other assets of the Issuer will be available to satisfy claims of Noteholders. The Issuer’s obligations to the Noteholders are solely funded by, and primarily secured on, the Charged Assets. Therefore, to the extent that the value of the Charged Assets falls, payment under the Charged Assets is not made, the Charged Assets cannot be sold or if the relevant security arrangements would not be enforceable, a loss of principal under the Notes will result. Noteholders therefore assume the market and legal risk of the Charged Assets.

None of the Transaction Participants (as defined below except excluding the Portfolio Manager) nor any affiliate of any of them or other person on their behalf has made any investigation of, or makes any representation or warranty, express or implied, as to the standing or suitability of the Portfolio Manager, or the financial or other condition of the Charged Assets.

None of the Issuer, the Arranger, the Trustee, the Principal Paying Agent, the Calculation Agent, the Sale Agent, the Portfolio Manager or any other Agent (together, the “**Transaction Participants**”) nor any affiliate of any of them (or any person on their behalf) assume any responsibility *vis-à-vis* the Noteholders for the economic success or lack of success of an investment in the Notes, or the performance, the value or terms of the Charged Assets. No Transaction Participant will have any responsibility or duty to make any such investigations, to keep any such matters under review, to provide the Noteholders, or prospective purchasers of the Notes, with any information in relation to such matters or to advise as to the attendant risks.

Independent review and advice

Each prospective purchaser of Notes must determine, based on its own independent review and such legal, financial and tax advice as it deems appropriate under the circumstances, that its acquisition of

the Notes (i) is fully consistent with its financial needs, objectives and condition, (ii) complies and is fully consistent with all investment policies, guidelines, authorisations and restrictions (including as to its capacity) applicable to it, (iii) has been duly approved in accordance with all applicable laws and procedures and (iv) is a fit, proper and suitable investment for it, undertaken for a proper purpose.

Legality of purchase

None of the Transaction Participants or any affiliate of any of them or other person on their behalf has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective purchaser of the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective purchaser with any law, regulation or regulatory policy applicable to it.

No reliance

The Transaction Participants and all affiliates of any of them disclaim any responsibility to advise purchasers of the Notes of the risks and investment considerations associated with the purchase of the Notes as they may exist at the date hereof or from time to time hereafter.

No restrictions on activities

Any of the Transaction Participants and any affiliate of any of them or other person on their behalf may have existing or future business relationships (including depository, lending, advisory or any other kind of commercial or investment banking activities or other business) with any of the other Transaction Participants and any affiliate of any of them or other person on their behalf and may purchase, sell or otherwise deal in any assets or obligations of, or relating to, any such party. Any of the Transaction Participants and any affiliate of any of them or other person on their behalf may act with respect to any such business, assets or obligations without regard to any possible consequences for the Issuer, the Notes or any Noteholder (or the impact of any such dealing on the interests of any Noteholder) or otherwise.

No Operating History by the Borrowers

The Borrowers have limited performance history. Noteholders may not have sufficient historical information to serve as a basis for making a more informed investment decision.

Provision of information

Any of the Transaction Participants or any affiliate of any of them or any other person acting on their behalf may at the date hereof or at any time hereafter be in possession of information in relation to the other Transaction Participants or any affiliate of any of them or any other person acting on their behalf or on behalf of the Charged Assets (which may or may not be publicly available or confidential). None of such persons shall be under any obligation to make any such information available to Noteholders or any other party other than as provided in the Conditions of the Notes.

Taxation

Each Noteholder will assume and be solely responsible for any and all taxes of any jurisdiction or governmental or regulatory authority, including, without limitation, any state or local taxes or other like assessment or charges that may be applicable to any payment to it in respect of the Notes. Neither the Issuer nor any other person will pay any additional amounts to the Noteholders to reimburse them for any tax, assessment or charge required to be withheld or deducted from payments in respect of the Notes by the Issuer or by the Principal Paying Agent (or any other Paying Agent), although such requirement will give rise to an obligation to redeem the Notes early in the circumstances described in Condition 2 as amended by Special Condition (IV) of the Conditions of the Notes set out below.

Legal opinions

No legal opinions will be obtained with respect to any applicable laws, including the laws applicable to the Portfolio Manager, the laws governing the Charged Assets or as to the validity, enforceability or binding nature of the Charged Assets.

Conflict of interests

Any of the Transaction Participants or any affiliate of any of them or any other person acting on their behalf may from time to time, as principal or agent, have positions in, or may buy or sell, or make a market in any securities (including shares in a Transaction Participant), currencies, financial instruments or other assets owned by a Transaction Participant. Any trading and / or hedging activities of Transaction Participants or any affiliate of any of them or any other person acting on their behalf related to this transaction may have an impact on the price of the underlying assets. It should also be noted that FlexFunds Ltd. acts as both the Arranger of the issue of the Notes and as Calculation Agent in respect of the Charged Assets.

Clearing systems

The Notes will be represented by one or more Temporary Global Notes and Permanent Global Notes. Such Global Notes will be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive definitive Notes. Euroclear and Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes the Issuer will discharge its payment obligations under the Notes by making payments to the common depository for Euroclear and Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear and Clearstream, Luxembourg to receive payments under the Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and Clearstream, Luxembourg to appoint appropriate proxies.

Limitations of the ability to grant security over Notes while in global form

Because transactions in the Notes will be effected only through Euroclear or Clearstream, Luxembourg, direct or indirect participants in their respective book-entry-systems and certain banks, the ability of a Noteholder to pledge such interests to persons or entities that do not participate in the Euroclear or Clearstream systems, or otherwise to take actions in respect of such interests, may be limited due to the lack of physical security representing such interest.

Risks relating to the Charged Assets

Investment in the Series Assets

The Issuer intends to use the proceeds of the issue of the Notes to make, on or as soon as practicable after the Issue Date a loan pursuant to the Loan Agreement (as defined below) between the Issuer as lender, Bistron Investments B.V. as borrower and Bistron Investments Limited and Steck Investments Limited as the old creditors.

Whereas the Borrower has requested that the Issuer, through and by an issuance of the Notes and the proceeds of such issue, extend to the Borrower a Loan pursuant to the Loan Agreement (as defined herein).

Prospective purchasers of the Notes should conduct their own independent investigation and analysis regarding the Issuer, the Loan Agreement, the Borrowers and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes.

It is important to note that, while it is the Issuer's intent, there is no certainty as at the Issue Date that the Issuer will proceed with the Loan Agreement, or what the timing of such Loan Agreement may be. Therefore, neither the Issuer, the Arranger nor the Trustee nor any other party makes any representation regarding the possibility or timing of entry into the Loan Agreement.

The Notes will be redeemed early in full, upon the termination or liquidation of the Loan Agreement, for any reason, including but not limited to, the completion of the Loan (as defined below) term, early prepayment of the Loans in full, if the Loan is not made at all, as per the above, following any Event of Default by the Borrowers, or as agreed from time to time by the Issuer and Borrowers and notified to the Calculation Agent and the Sale Agent.

Investing in Unsecured Loans involves certain risks

The Loan Agreement is an unsecured obligations of the Borrowers, may be subordinated to other obligations of the Borrowers and generally have greater credit, insolvency and liquidity risk than is typically associated with investment grade obligations and secured obligations. Unsecured obligations will generally have lower rates of recovery than secured obligations following a default. Also, in the event of insolvency of an obligor of any unsecured obligation, the holders of such unsecured obligation will be considered general, unsecured creditors of the obligor and will have fewer rights than secured creditors of the obligor.

Indebtedness under the Loan Agreement may be subordinated to senior indebtedness incurred by the Borrowers

The Borrowers may enter in the future into secured loan agreements with banks and other financial institutions, the repayment obligations under such loan agreements being, the "senior indebtedness". The Borrowers' obligations to repay the Issuer under the Loan Agreement may be subordinated to the senior indebtedness. The Borrowers' payment obligations under the Loan Agreement may be unsecured and will rank junior and be subordinated in right of payment to all of the Borrowers' senior indebtedness on the terms set forth in the Loan Agreement and any subordination agreement entered into by the Borrowers in connection with the same. A Borrower, therefore, may be prevented from making any payments on the Loan Agreement, if (i) it has defaulted on the payment of any of its senior indebtedness and the default is continuing, (ii) the maturity of any senior indebtedness has been accelerated as a result of a default or (iii) there has occurred, in respect of such Borrower, any receivership, insolvency, assignment for the benefit of creditors, bankruptcy, reorganization, or arrangements with creditors (whether or not pursuant to bankruptcy or other insolvency laws), sale of all or substantially all of the assets, dissolution, liquidation, or any other marshaling of the assets and liabilities of the Borrower, and its senior indebtedness has not been repaid in full.

'Covenant-lite' Loan Agreement

The Loan Agreement does not contain financial covenants which the Borrowers are required to maintain. The Loan Agreement does not have "maintenance tests" which are reviewed periodically in order to determine whether the Borrowers' operating performance is satisfactory and which provide lenders with greater control over the quality of their investment by requiring the borrower to more strictly preserve its credit quality. The lack of maintenance tests may result in a higher risk of loss and may hinder the Issuer's ability to restructure the Loans in order to mitigate the Issuer's exposure to loss.

Emerging Markets

Investing in emerging market assets involves certain risks and special considerations not typically associated with investing in other more established economies or securities markets. Such risks may include (i) the risk of nationalization or expropriation of assets or confiscatory taxation; (ii) social, economic and political uncertainty including war; (iii) dependence on exports and the corresponding

importance of international trade; (iv) price fluctuations, less liquidity and smaller capitalization of securities markets; (v) currency exchange rate fluctuations; (vi) rates of inflation (including hyperinflation); (vii) controls on foreign investment and limitations on repatriation of invested capital and on the Issuer's ability to exchange local currencies for U.S. dollars; (viii) governmental involvement in and control over the economies; (ix) governmental decisions to discontinue support of economic reform programs generally and to impose centrally planned economies; (x) differences in auditing and financial reporting standards which may result in the unavailability of material information about issuers; (xi) less extensive regulation of the securities markets; (xii) longer settlement periods for securities transactions in emerging markets; (xiii) less developed corporate laws regarding fiduciary duties of officers and directors and the protection of investors; (xiv) certain considerations regarding the maintenance of portfolio securities and cash with non-U.S. subcustodians and securities depositories; and (xv) overall greater volatility.

Insolvency of the Borrowers could reduce or eliminate the return to the Issuer on the Loan Agreement and so may impair payments on the Notes

There is a significant risk that the Borrowers may enter bankruptcy proceedings. Such proceedings may result in, among other things, a substantial reduction in the interest rate and a substantial write down of the principal of the Loan Agreement. Various laws enacted in the Borrowers' home jurisdictions for the protection of debtors or creditors could adversely affect the Issuer's ability to recover amounts owed.

Investment in Series Assets by the Portfolio Manager

The Portfolio Manager may invest in Series Assets that meet the Management Criteria, including further loans.

Potential investors should be aware that an investment Series Assets involves a high degree of risk. Typically, the success of any investment in Series Assets depends on the ability of the Portfolio Manager to choose, develop and realise appropriate investments, and there will be no guarantee that the Portfolio Manager will be able to choose, make and realise investments in any particular Series Asset.

An investor in the Notes should ensure that they have considered the operational history of the Portfolio Manager and whether the Portfolio Manager has a proven track record, to the satisfaction of the investor in the Notes. Subject to the Management Criteria, the Portfolio Manager may invest in less established companies with lower capitalisations, fewer resources and little or no performance record. As the investments in the Series Assets may be minority interests, it cannot be certain that investors' interests will be effectively protected. There can be no assurance that the investments in the Series Assets will produce gains. Some or all of the investment in any Series Assets may be lost which could have a negative impact on the value of the Notes.

The Portfolio Manager's investments may be exposed, directly or indirectly, to the performance of companies which may be highly leveraged and therefore may be more sensitive to adverse business or financial developments or economic factors. Such companies may face intense competition, changing business or economic conditions or other developments that may adversely affect their performance.

The activity of identifying, completing and realising attractive investments is highly competitive, and involves a significant degree of uncertainty. Other investors such as funds and vehicles with similar investment objectives to the Issuer may be formed in the future by other unrelated parties and further consolidation may occur. There is no assurance that the Portfolio Manager will be able to locate, complete and exit investments that satisfy the Investment Objectives, or realise the value of such investments, or that it will be able to invest fully the amount committed.

Investments may not be liquidated for a number of years after the initial investment and may require a substantial length of time to liquidate. As a result, there is a risk that the Portfolio Manager may be unable to realise the Investment Objectives by sale or other disposition at attractive prices or will otherwise be unable to complete any exit strategy.

Redemption and Transfer of the Charged Assets

Realisation or transfer of the Charged Assets may in certain circumstances be deferred in accordance with their relevant terms. The period of deferral may be significant. Therefore in certain circumstances, including where the Security for the Notes becomes enforceable, there may be a significant delay in payments under the Notes and/or it may be impossible to transfer the Charged Assets, whether as a means of realising their value or otherwise.

Security may be declared invalid

The Issuer will grant security interests in favour of the Trustee for itself and for the benefit of the Noteholders in the Mortgaged Property pursuant to the Trust Deed. However, if the security interest of the Trustee in the Mortgaged Property was determined to be invalid or unperfected, Noteholders would be unsecured creditors and would rank on a *pari passu* basis with other unsecured creditors (if any) of the Issuer. Each of the foregoing factors may delay or reduce investors' return on their Notes and investors may suffer a loss (including a total loss) on their investment.

Not a bank deposit

Any investment in the Notes does not have the status of a bank deposit in Ireland and is not within the scope of the deposit protection scheme operated by the Central Bank of Ireland. The Issuer is not regulated by the Central Bank of Ireland by virtue of the issue of the Notes.

Lack of diversification

The Issuer may only invest in one asset, being the Loan Agreement. To the extent all the assets relating to the Notes are represented by one type or class of asset, such asset or class of asset may be more susceptible to a single adverse economic or regulatory occurrence, and lead to greater fluctuations in the value of Notes than may have been the case when investing in a diversified pool of assets.

Security for the Notes

The Issuer will grant security interests over the Series Assets pursuant to the Trust Deed. See "*Description in relation to the Security Arrangements in respect of the Notes*" below.

Redemption and transfer of the Charged Assets

Realisation of the Charged Assets may in certain circumstances be deferred in accordance with their relevant terms. The period of deferral may be significant. Therefore in certain circumstances, including where the Security for the Notes (and any Further Notes) becomes enforceable, there may be a significant delay in payments under the Notes and / or it may be impossible to transfer the Charged Assets as a means of realising their value.

Risks Related to the Borrowers and their operations

The performance and realisation of the Loan Agreement, and thereby, of the Notes, is dependent on the overall performance, operations and financial condition of the Borrowers

NEITHER THE ISSUER, THE TRUSTEE NOR ANY OF THE AGENTS (OTHER THAN THE PORTFOLIO MANAGER) HAVE REVIEWED THE OVERALL PERFORMANCE, OPERATIONS AND FINANCIAL CONDITION OF THE BORROWERS OR ANY OTHER CONDITIONS OF THE BORROWERS AT THE TIME OF THE ISSUE DATE AND DO NOT GUARANTEE OR MAKE ANY RECOMMENDATIONS OR WARRANTIES, IN ANY FORM, AS TO THE SUITABILITY OF ANY INVESTMENT, INCLUDING THROUGH PURCHASE OF THE NOTES, THE PERFORMANCE OF WHICH IS DEPENDENT ON THE BORROWERS OR ANY OF THEIR OPERATIONS.

During the term of the Notes the Borrowers' operating results may fluctuate.

The Borrowers' operating results may fluctuate due to a number of factors, including the risks described in this Series Memorandum.

Any adverse effect on a Borrower may, through the Loan Agreement, affect the performance of the Notes and the Issuer's ability to meet its obligations in respect of the Notes.

The performance of the Notes is tightly linked to the ability of the Borrowers to meet their obligations under the Loan Agreement. Therefore, any adverse effect on the Borrowers' financial results, performance, and / or growth prospects may subsequently, through the Loan Agreement, adversely affect the performance of the Notes and the ability by the Issuer to meet its obligations in respect of the Notes, which will be dependent on the receipt by the Issuer of moneys due to it under the Mortgaged Property (Including the Loan Agreement).

Summary of Principal Underlying Investment Risks

As with any investment, you could lose all or part of your investment in the Notes, and the Notes' performance could trail that of other investments. The Notes are subject to the principal risks noted below (either directly or through its investments in the Series Assets), any of which may adversely affect the Notes' Net Asset Value, trading price, yield, total return and ability to meet its investment objective.

Asset Class Risk: Securities in an underlying portfolio may underperform in comparison to the general securities markets or other asset classes.

Concentration Risk: To the extent that the Notes' underlying investments are concentrated in a particular issuer, region, country, market, industry or asset class, the Notes may be susceptible to loss due to adverse occurrences affecting that issuer, region, country, market, industry or asset class.

Counterparty Risk: The Issuer bears the risk that the counterparty to a contract with a third party may default on its obligations or otherwise fail to honor its obligations. If a counterparty defaults on its payment obligations the Issuer will lose money and the value of an investment in the Notes may decrease. In addition, the Issuer may engage in such investment transactions with a limited number of counterparties.

Credit Risk: The financial condition of an issuer of securities may cause it to default or become unable to pay interest or principal due or otherwise fail to perform. The Issuer cannot collect interest and principal payments on securities if the issuer defaults. While the Issuer attempts to limit credit exposure in a manner consistent with its investment objective, the value of an investment in the Notes may change quickly and without warning in response to issuer defaults and changes in the credit ratings of the Issuer's portfolio investments.

Currency Exchange Rate Risk: Changes in currency exchange rates and the relative value of non-U.S. currencies may affect the value of the Issuer's investment and the value of the Notes. Currency exchange rates can be very volatile and can change quickly and unpredictably. As a result, the value of an investment in the Notes may change quickly and without warning and you may lose money.

Interest Rate Risk: Interest rate risk is the risk that fixed income securities will decline in value because of changes in interest rates and other factors, such as perception of an issuer's creditworthiness.

Investment Risk: As with all investments, an investment in the Notes is subject to investment risk. Noteholders could lose money, including the possible loss of the entire principal amount of an investment, over short or long periods of time.

Issuer-Specific Risk: Issuer-specific events relating to the underlying issuer of securities, including changes in the financial condition of any such issuer, can have a negative impact on the value of the Notes.

Liquidity Risk: The Issuer may invest in the Series Assets which may be less liquid than other types of investments. The derivatives in which the Issuer invests may not always be liquid. This could have a

negative effect on the Issuer's ability to achieve its investment objective and may result in losses to holders of the Notes.

Non-Diversification Risk: The Portfolio is considered to be non-diversified, which means that it may invest more of its assets in the securities of a single issuer or a smaller number of issuers than if it were a diversified Portfolio. To the extent the Issuer invests a significant percentage of its assets in a limited number of issuers, the Issuer is subject to the risks of investing in those few issuers, and may be more susceptible to a single adverse economic or regulatory occurrence. As a result, changes in the market value of a single security could cause greater fluctuations in the value of the Notes than would occur in a diversified note.

AS WITH ANY INVESTMENT YOU COULD LOSE ALL OR PART OF YOUR INVESTMENT IN THE NOTES AND THE NOTES' PERFORMANCE COULD TRAIL THAT OF OTHER INVESTMENTS.

THE CONSIDERATIONS SET OUT ABOVE ARE NOT, AND ARE NOT INTENDED TO BE, A COMPREHENSIVE LIST OF ALL CONSIDERATIONS RELEVANT TO A DECISION TO PURCHASE OR HOLD ANY NOTES. THE ATTENTION OF INVESTORS IS ALSO DRAWN TO THE SECTIONS HEADED "*RISK FACTORS*" IN THE PROGRAMME MEMORANDUM.

The Notes will be secured by a charge over the Series Assets from time-to-time and the Related Rights obtained with the entire net proceeds of the issue of the Notes and all rights and sums derived therefrom in favour of the Trustee for itself and as trustee for the Secured Parties (which includes the Noteholders).

Under the Trust Deed, and the Constituting Instrument, as amended by the terms of the Constituting Instrument, the Issuer, in favour of the Trustee for itself and as trustee for the Secured Parties, and as continuing Security, will:

- (A) charge by way of fixed charge and assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all funds and any other assets now or hereafter standing to the credit of the account of the Principal Paying Agent or, as the case may be, the Registrar in respect of the Notes, the Receipts and the Coupons (if any) and the debts represented by such moneys;
- (B) assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights, title, benefit and interest in, to and under the Agency Agreement and the Placing Agreement and all sums and any other assets derived therefrom;
- (C) assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties (other than the Portfolio Manager, if any) all of the Issuer's rights, title, benefit and interest in, to and under the Portfolio Management Agreement and all sums derived therefrom;
- (D) assign by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights, title, benefit and interest in, to and under the Charged Assets;
- (E) charge by way of fixed charge and assigns by way of fixed security assignment in favour of the Trustee for itself and as trustee for the Secured Parties all of the Issuer's rights title, benefit and interest in, to and under (a) the Charged Assets and (b) any moneys and/or other assets received or in respect of such Charged Assets;
- (F) charge by way of fixed charge in favour of the Trustee for itself and as trustee for the Secured Parties the Charged Assets, and in respect of the Charged Assets all debts represented thereby, all rights and Proceeds thereof and the right to payment of all interest and other moneys in respect thereof and all rights to the delivery thereof or to an equal number or

nominal amount thereof as against any clearing system or its operator or any depository thereof; and

- (G) assign by way of fixed security in favour of the Trustee for itself and as trustee for the Secured Parties all its rights, title and interest in and to all rights in respect of the Charged Assets and all Proceeds thereof,

in each case on terms that the Trustee shall hold the proceeds of such Security for itself and on trust for itself, and the Secured Parties (and the holders of any Further Notes in accordance with the terms of the Trust Deed).

Enforcement of the Mortgaged Property

The Mortgaged Property may become enforceable if the Notes or any of them have become due and repayable (for example, due to acceleration following the occurrence of a Tax Event, Mandatory Redemption Event, Additional Mandatory Redemption Event or an Event of Default) and have not been repaid.

In such circumstances the Trustee may at its discretion, and upon being indemnified, secured and/or prefunded to its satisfaction and shall if so requested or directed by the relevant parties (as more fully described in Condition 7), realise the Charged Assets. In realising the Charged Assets the Trustee may, but shall not be obliged to, procure the sale of the Charged Assets or may request the redemption of the Charged Assets.

Priority of claims and potential for insufficient security on sale of Charged Assets and / or on enforcement

In the event that any Charged Assets are required to be sold pursuant to the Conditions or the Security constituted by the Trust Deed; the Constituting Instrument becomes enforceable in accordance with the Conditions, the net sums realised could be insufficient to pay all the amounts due to the Noteholders under the Notes. The sums realised from any such sale of the Charged Assets will be subject to deduction of the costs and expenses associated with such sale. In addition, all costs and expenses incurred by the Trustee in enforcing the Security (including any costs of a receiver or similar official) and amounts due to the Agents will be deducted from the proceeds of such enforcement before such proceeds are paid to the Noteholders. After taking action to enforce the Security as provided in the Conditions, the Trustee shall not be entitled to take any further steps against the Issuer to recover any sum still unpaid and no debt shall be owed by the Issuer in respect of such sum. In particular, no Agent or Noteholder may petition or take any other step for the winding-up of the Issuer nor shall any of them have any claim in respect of any sum over or in respect of any assets of the Issuer which are security for any other liability of the Issuer.

Limited recourse provisions

The Trustee, the Agents and the Noteholders (in each case to the extent that their claims are secured) shall have recourse only to the Mortgaged Property. If, the Trustee having realised the Mortgaged Property, the proceeds thereof are insufficient for the Issuer to make all payments then due to all such parties, the obligations of the Issuer will be limited to such proceeds of realisation of the Mortgaged Property and no other assets of the Issuer will be available to meet such shortfall; the Trustee, the Agents, the Noteholders or anyone acting on behalf of any of them shall not be entitled to take any further steps against the Issuer to recover any further sum and no debt shall be owed to any such persons by the Issuer. The Trustee (including any costs of a receiver or similar official) and the Agents shall rank prior to the Noteholders in the application of all moneys received in connection with the realisation or enforcement of the Security. In particular, none of the Trustee and the Agents or any holder of the Notes may petition or take any other step for the winding-up of the Issuer, and none of them shall have any claim in respect of any sum arising in respect of the Mortgaged Property for any other Series.
