ANNEX – THE INVESTOR NOTICE

PRODIGY NETWORK

Dear Investors,

On behalf of Prodigy Shorewood Investment Management LLC (“PSIM”), the investment manager of the project, we are writing to inform you of the current status of your investment in 84 William Realty Associates LLC for the property located at 84 William Street in Manhattan (the “Property”).

This communication is the first in a series to come where we will share the strategy for the Property, in response to the current challenges facing the project. We plan to update you in this format as the situation demands to keep you informed and apprised of the work done and the options being considered and implemented by the different stakeholders in the project.

Market

Despite positive trends throughout 2018 during which Manhattan hotel performance increased after three declining years, the Manhattan-wide performance for the first quarter of 2019 underperformed as compared with previous years.¹² This was primarily due to supply growth outpacing demand for the first time in this market’s cycle which is representative of a market where the number of hotel rooms grew from 2007 to 2018 by 50% to 99,000 rooms³. We intend to see this supply growth halted in future years as the local government passed legislation at the end of 2018 requiring developers to adhere to an additional and difficult city-approval process for developing hotels in specific zoning districts⁴. However, the Property currently, faces competition from the new supply of hotel rooms as well as Airbnb. As the New York City hotel industry awaits clarity from the local government on upcoming Airbnb legislation intended to remove a majority of the city’s Airbnb listings from the market, which have been deemed illegal, the NYC Mayor’s Office of Special Enforcement continues its strategy to uncover these illegal Airbnbs to shut them down and the fine the tenants and landlords involved⁵.

Update on Financing

On June 10, 2019 we successfully extended the maturity date of the senior loan provided by CIBC in respect of the Property to December 10, 2019 (i.e., by causing an extension payment of approximately \$6.4 million to be paid to CIBC). The entire extension payment was made by Vanbarton Group, (the “Mezz Lender”). The Mezz Lender agreed to increase their loan by approximately \$4 million to \$24 million at 11.5% and the remaining balance of \$2.4 million was paid by the entity 84 William MezzCo II LLC (“MezzCo”) as explained in the previous letter sent in May 2019. MezzCo is structurally senior to the all capital provided in respect of the Property

Property Performance

As you know from the reports that we have sent in the past, the Property is not generating sufficient cash flow from the hotel operations and restaurant tenant to meet its current and anticipated debt obligations. Given the situation, we are consulting with representatives of a large group of LATAM-based investors in the project. These representatives have communicated several ideas and concerns in a collective effort to determine the strategy of the Property moving forward. Meanwhile, we are confident that the New York real estate market remains strong beyond the current underperformance and capitalization structure of the Property⁶

Therefore, as investment manager we must act prudently to protect your investment. We intend to engage Newmark Knight Frank as restructuring advisors with a scope of services including but not limited to: valuation services, agent leasing, due diligence, capital markets, recapitalization analysis, debt and structured finance. Newmark is one of the world's leading and most trusted commercial real estate advisory firms. Together with London-based partner Knight Frank, 16,000 professionals operate from over 430 offices on 6 continents.

Upon engagement of Newmark, your collaboration will be required to ensure an efficient process that optimizes the recovery of your investment capital.

In the next few weeks, we intend to deliver to you a detailed update on the proposed strategic plan so you can make an educated decision regarding the future of the project.

Please be aware that the alternatives include, but are not limited to:

- Market the Property for an outright sale immediately. Current market conditions lead us to believe that the sale would happen at a substantial loss. In case of an outright sale, it is expected that the Property would be sold before the end of the year. After interviewing several sales brokerage firms, we have selected [Eastdil Secured](#), a firm with over 50 years of experience in marketing real estate to start this process and we will keep you informed of a potential disposition price.
- Capital restructuring of the property.

While we are disappointed that the Property has not performed as expected, we continue to work diligently on delivering the best outcome under these adverse circumstances.
