NOTICE FROM THE CALCULATION AGENT TO NOTEHOLDERS

GWM Group, Inc
(the “**Calculation Agent**”)

NXTP Labs Emerging Market High Impact Tech Start-ups (Series 2015-20) Notes due 2023
issued by IA Capital Structures (Ireland) plc (the “**Issuer**”)
ISIN: XS1121503822 COMMON CODE: 112150382
(the “**Notes**” or the “**Series**” and the holders thereof the “**Noteholders**”)

Capitalised terms used but not otherwise defined in this notice shall have the meanings ascribed to them in the Series Memorandum dated 24 February 2015 and the terms and conditions of the Notes (the “**Conditions**”) as same may be amended and / or supplemented from time to time.

EXTENDED MATURITY DATE

The Scheduled Maturity Date of the Notes is 3 February 2023. Special Condition (XIII) of the Notes provides that the term of the Notes may be extended for further periods of up to ten years, provided that, at the request of the Issuer, the Calculation Agent, on behalf of the Issuer, has given a notice to the Trustee, the Principal Paying Agent and the Noteholders three (3) calendar months prior to the Scheduled Maturity Date or the anniversary thereof in each subsequent year, if applicable, stating that such extension shall take place in respect of the Notes.

In accordance with Special Condition (XIII), the Calculation Agent, at the request of the Issuer, hereby notifies Noteholders that the term of the Notes has been extended by 5 (five) years so that the Extended Maturity Date shall be 3 February 2028.

The Redemption Amount of the Notes will be funded with the proceeds of realisation of the Charged Assets. The Issuer has elected to exercise its right to extend the term of the Notes to reflect the anticipated timeframe for the realisation of the Charged Assets.

The Charged Assets for the Notes are principally comprised of Series C Preferred Stocks (the “**Shares**”) of CERTO S.A., a company with legal domicile in Treinta y Tres 1269/71, of the City of Montevideo, Republic of Uruguay (“**NXTP Labs**”). Nibeluz S.A., a corporation (sociedad anónima) organized under the laws of Uruguay, serves as the manager of NXTP Labs (the “**NXTP Labs Manager**”). NXTP Labs was established with the objective of investing in start-up or emerging companies across Latin America, mainly in the Internet, media, mobile and technology businesses as more particularly set out in the private placement memorandum of NXTP Labs which was appended to the Series Memorandum.

The original investment term of NXTP Labs is scheduled to expire on 31 December 2023. Following the expiry of the investment term, it will be necessary for the investments of NXTP Labs to be liquidated before the Shares are realized. There is no deadline by which the liquidation process must be completed and NXTP Labs has advised the Issuer that this may take a significant length of time. Further, the investment term of NXTP Labs may be extended for up to 4 (four) additional 1 (one) year terms at the reasonable discretion of the NXTP Labs Manager and with the approval of the simple majority of the Series B Preferred Stock. NXTP Labs has advised the Issuer that an extension of the investment term is being considered.

The Issuer considers, having regard to the length of time that it may take for the investments of NXTP Labs to be liquidated and the possibility of the investment term being extended for up to 4 years, that it is appropriate to extend the term of the Notes for a period of 5 (five) years.

The Issuer will issue a further notice in the future when further clarification is received regarding the timeframe for the realisation of the Shares. The Issuer will also assess prior to the Extended Maturity Date whether the realisation of the Shares is likely to be completed by that date or whether a further extension of the term of the Notes will be required and notify Noteholders accordingly. Furthermore, to the extent that the Shares are realized prior to the Extended Maturity Date, the Issuer may elect to effect an optional redemption of the Shares at that time.
