NOTICE FROM THE ISSUER TO NOTEHOLDERS

IA Capital Structures (Ireland) plc
(the “**Issuer**”)

2013-9 US\$ 1,020,000 Equity-linked Real Estate Opportunity Notes due 2023
ISIN: XS0972245285 COMMON CODE: 097224528
(the “**Notes**” or the “**Series**” and the holders thereof the “**Noteholders**”)

Capitalised terms used but not otherwise defined in this notice shall have the meanings ascribed to them in the Series Memorandum dated 17 September 2013 and the Conditions of the Notes as same may be amended and / or supplemented from time to time.

The purpose of this notice is to provide Noteholders with an update on the value of the Notes and the Charged Assets for the Notes, being the Preferred Interests (as defined below) and, if any, certain related rights, agreements and assets.

BACKGROUND

The entire net proceeds of the Notes are invested in preferred interests of 17 John Street Series of Prodigy Shorewood New York Rep Fund, LP (the “**Prodigy Feeder Fund**”), an offshore feeder

fund registered in accordance with the Exempted Limited Partnership Law of the Cayman Islands (the “**Preferred Interests**”). The Preferred Interests relate to a series issued by Prodigy Shorewood Master REP Fund, LLC in connection with a property located at 17 John Street, New York, New York (Block 79, Lot 10) (the “**Property**”).

The Calculation Agent of the Notes has delivered to the Issuer a valuation report in respect of the Charged Assets as of 31 December 2020. The below is a summary of the analysis contained therein.

The investment represented by the Preferred Interests in the Property is effectively subordinated to other obligations as described below (the “**Senior Obligations**”). The last investor notice made available to the Issuer by Prodigy Network, LLC was for the investment period January 1 – June 30, 2019 (the “**Investor Notice**”), which was subsequently delivered to the Noteholders in a notice from the Issuer dated 19 August 2019. The Investor Notice disclosed that as of 30 June 2019, the Senior Obligations included amounts of senior debt and mezzanine debt totaling \$111,000,000.

According to public records, the Property has a market value for the 2020-2021 tax year of \$36,686,000 (the “**Market Value**”). No information has been received by or on behalf of the Issuer to indicate that there was any reduction in the Senior Obligations after the period covered by the Investor Notice. Consequently, based on the figures contained in the Investor Notice, the Calculation Agent considers that the Senior Obligations, together with interest accrued on amounts owed thereunder, will exceed any eventual sale price of the Property.

As the investment represented by the Preferred Interests is effectively subordinated to the Senior Obligations, the Issuer does not expect to receive any residual value as a holder of the Preferred Interests from the sale proceeds of the Property following the repayment of the amounts owed under the Senior Obligations together with any interest accrued on such amounts. Furthermore, there are no other assets to fund payments to the holders of the Preferred Interests.

Noteholders should further be aware that Prodigy Network, LLC (“**Prodigy**”) is the New York real estate crowd-funding platform responsible for orchestrating investment in the Property, in connection with which the Notes were issued. On 25 March 2021 Prodigy filed a voluntary petition for bankruptcy pursuant to Chapter 7 of Title 11 of the United States Code.

On the basis of the above, the Calculation Agent has determined that the Preferred Interests have a fair value of zero. Similarly the Calculation Agent has determined that there are no other Series Assets or Related Rights of any value. Payments by the Issuer in respect of the Notes were to be funded only from the proceeds of the Charged Assets, being the Preferred Interests and, if any, certain related rights, agreements and assets, and there are no other assets of the Issuer available to fund such payments. Accordingly, the Calculation Agent considers that the Issuer will not be in a position to make any payments to Noteholders in respect of their Notes and that the current fair value of the Notes is zero.

For purposes of the Calculation Agent’s analysis, the standard of value is fair value. The International Financial Reporting Standards (“IFRS”) Standard 13 defines “fair value” as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction

between market participants at the measurement date (an exit price). When measuring fair value, an entity uses the assumptions that market participants would use when pricing the asset or the liability under current market conditions, including assumptions about risk. As a result, an entity's intention to hold an asset or to settle or otherwise fulfill a liability is not relevant when measuring fair value.

The Issuer, in consultation with the Arranger and the Calculation Agent, is considering the next steps in light of the events and circumstances described above. This may include (i) not taking any further action for the time being in the event that additional information may transpire regarding proceeds of the sale of the Property, or that further potential action may be available to the Issuer against any party to recover some of the sale proceeds or (ii) exercising an optional redemption of the Notes in accordance with the Conditions, whereby such Notes will be valued at zero. The Issuer will provide further information to the Noteholders once available.
